## Automated Employee Lunch Club System

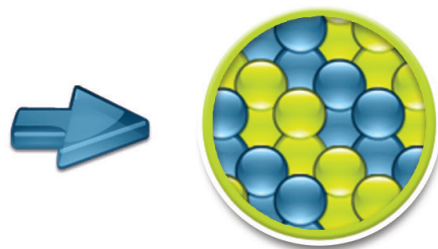

A more connected staff leads to better communication and productivity for everyone

A subscription-based **team-building service** designed for medium to large companies that automatically matches employees into **small lunch groups**, so they can **get to know each other** on a more personal level.

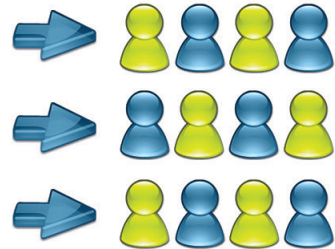

*invite email sent to all employees*

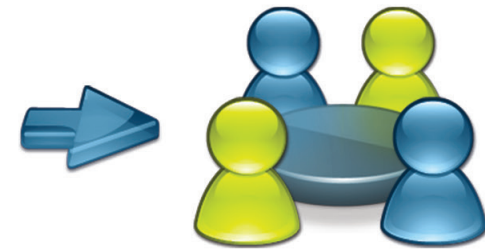

*individuals click to enter the pool*

*the system matches people from the pool*

*an email goes out & everyone meets*

*system resets for next round*

## Invite...

- Employees receive an email invite on Monday asking if they wish to participate that week
- One click accepts the invite and enters them into the lunch pool; no click, get a chance again next round
- Permanent opt-out link for individuals who do not wish to participate

## Match...

- The Unifier™ system matches people from the lunch pool
- Level-based algorithm is designed to create unique match-ups based on a past meeting archive
- Email goes out notifying employees who they will be meeting with the next day and where to meet them

## Meet...

- Employees meet at the designated time and place for lunch
- System can be set to create lunch meeting groups of 2, 3 or 4
- A more connected staff leads to better communication and productivity, which benefits the company and its employees

250 employees with 15% weekly participation meeting in groups of 4 will make 2925 connections in 1 year. What connections will your staff make? Visit [staffunity.com/how](http://staffunity.com/how) today to calculate...
